As part of this review, existing polling places and proposed polling places have been visited, photographed and assessed to ensure that so far as practicable every polling place is accessible to electors who are disabled. Consideration has been given to ensure that polling places are within easy reach of all electors from across the polling district and they are within the polling district unless no accessible polling place can be identified in the district. Comments as a result of the consultation from members of the public, Councillors and Area Committees have been taken into consideration and are reflected in the Returning Officer's proposals.
