#### **Summary:**

This report provides the first six monthly update on the Greater Manchester Strategy (GMS) Implementation Plan and performance dashboard.

#### **Comments/Views of the Cabinet Member:**

This update report outlines progress in delivering the ten over-arching priorities within the GM Strategy, and includes a focus on how Stockport is contributing to these. It remains crucial that we continue to align the wider GMS ambitions with our own local priorities, and this is reflected in our new Council Plan.

The report has been approved by the GMCA, and considered in detail by GM Overview and Scrutiny Committees, along with our own CRMG Scrutiny. We will continue to report against these measures and activities through our regular Portfolio and Corporate Reports, and look forward to bringing the next GMS update report later in the year to reflect the position at the end of 2018/19.

#### **Recommendation(s) of Cabinet Member:**

Cabinet is asked to;

- Note and agree the updated GMS Implementation Plan and Performance Dashboard;
- Consider overall progress towards the achievement of the GMS 2020 ambitions and targets, including the specific actions and updates relating to Stockport; and
- Agree the updated process for future iterations of the Implementation Plan and Performance Update is reflected in future Corporate and Portfolio Reports.
