GM Police and Crime Plan 2018-21
‘Standing Together’ – Outcomes Framework

Overarching
1. People feel safe at home, at work, socialising and when travelling in Greater Manchester
2. There is increased confidence in the organisations that contribute to community safety
3. The police and community safety services are believed to be effective, efficient and fair by direct users of the services and the wider community.
4. The justice services are believed to be effective, efficient and fair by direct users of the services and the wider community
5. Places are believed to be safe / secure and communities perceived to be strong

Standing Together
Our plan for police, community safety, criminal justice services and citizens in Greater Manchester

Keeping people safe
6. There are fewer repeat victims
7. Those who have been abused or exploited are cared for and helped to recover
8. Service users are satisfied with the services they received from the police and other organisations that contribute to community safety
9. There are fewer inequalities in satisfaction and confidence

Reducing Harm and Reoffending
10. There are fewer recidivists
11. There is a reduction in the frequency and seriousness of offending
12. Justice is perceived to be fair and equitable
13. There is increased confidence in the Criminal Justice System
14. There is increased confidence in restorative approaches, rehabilitation / recovery

Strengthening communities and places
15. Places are believed to be safe / secure
16. People have better perceptions of the places they live, work, socialise and travel though
17. People feel communities are stronger
SSP Governance and Strategic Delivery Arrangements

Safer Stockport Partnership Board

Safer Stockport Partnership Theme Leads Strategic Group

Transforming Justice
- Through the Transforming Justice Board
- Governance arrangements in place across a number of boards

Protecting Vulnerable People
- Through the

Public Safety and Protection
- Through the PSP Partnership Delivery Group with GMP Tactical Co-ordinating Group & Threat/Harm/Risk Meetings

Serious and Organised Crime
- Through the Operation Challenger meetings (Gold / Silver / Bronze)

Radicalisation and Extremism
- Through the Prevent Steering Group

Voluntary and Community Sector Grants

• New community grants were piloted in 2018/19 and will be allocated again in 2019/20 at the same level as 2018/19. Safer Stockport Partnership has again been awarded £100,000.

• The grants are to be aligned to community safety priorities and aimed at grass roots community and voluntary sector organisations.

• “Stockport Local Fund” – Stockport’s Community Investment Fund – used to allocate the community grants.

• Awards totalling £100,000 were made to 13 organisations in 2018/19.

• 2019/20 Voluntary and Community grants monies can be aligned to Phase 3 and 4 of the Stockport Local Fund – all awards will be made by February 2020.
Key Achievements and Performance Headlines
2018/19

Four Themes from SSP Strategic Plan
- Protecting Vulnerable People
- Public Safety and Protection
- Serious and Organised Crime
- Transforming Justice

Plus Strategic Priorities – including shared intelligence and Prevent
Public Safety and Protection
Key achievements against priorities

**Anti Social Behaviour**

✓ Operation Barometer has successfully targeted ASB hotspots, working alongside the Youth Disorder Panel and partners including Stockport Homes to provide engagement, intervention and support – and robust enforcement action where required.

**Crime**

✓ A partnership approach to tackling burglary is targeted at the most vulnerable areas.

✓ Increasing prevalence in use of knives, linked to personal robbery and youth disorder. Being tackled through Operation Sceptre, along with ‘On the Edge’ strategy developed by YOS across Stockport schools which has received positive feedback.

**Locations / Hotspots**

✓ Analysis and shared intelligence continue to inform tactical and operational priorities, with a daily review of crime and incident reports in each locality helping target resources.
Public Safety and Protection
Performance headlines

• ASB incidents reduced by 10% along with a 30% reduction in Public Order offences

• There was a slight increase in overall crime recorded, though a reduction in victim-based and violent crime, theft and burglary

• A 12% increase in deliberate fires was recorded over the year

• Crime in Stockport remains significantly lower than across GM – but higher than similar authorities
Serious and Organised Crime
Key achievements against priorities

Organised Crime Groups

✓ Operation Challenger continues, with a number of significant arrests made linked to OCGs, along with cash seizures and confiscations

Young people at risk of involvement in serious and organised crime

✓ A Participation Strategy is being developed based on the ‘Voice of the Child’ to inform and shape services
✓ Trauma training has been delivered for agencies working with children and young people who have suffered Adverse Childhood Experiences
✓ Operation Challenger has raised awareness of the link between organised crime and CSE, including criminal exploitation, modern slavery / human trafficking.
Protecting Vulnerable People
Key achievements against priorities

Missing from Home or Care
✓ Missing episodes have reduced by 15% since the Missing Hub was established, with two Achieving Change Together social workers recruited to work with children at risk

Domestic Abuse
✓ A co-ordinated community response model for domestic abuse and violence has been rolled out, using volunteers to support victims and working with schools to raise awareness

Child Sexual Exploitation
✓ Operation Challenger continues to raise awareness of the link between organised crime and CSE, including advice to parents, with work expanded to include criminal exploitation, modern slavery / trafficking and FGM.

Drugs and Alcohol
✓ The GM Drug and Alcohol Strategy 2019-21 was launched, and a comprehensive local delivery plan is being developed

Hate Crime
✓ A Local Hate Crime Partnership Group has been established to co-ordinate proactive work across Stockport, including Hate Crime Awareness Week to help increase confidence of victims to come forward and report hate incidents

Complex Safeguarding
✓ The Complex Safeguarding Strategy continues to be delivered through the Aspire Service with a successful conference held in March and praise from a recent OfSTED inspection
Protecting Vulnerable People
Performance headlines

• Development of a Missing from Home Hub in the MASSH has led to a reduction in children who run away from home, however increasing numbers of children placed in Stockport care homes by other councils has seen an increase in those missing from care

• Continuing development of the Complex Safeguarding team has led to a reduction in high risk CSE referrals - down almost 50% year on year - from 25.3% to 14.8% - some of the reduction will be as a result of appropriate advice and guidance being offered to front line practitioners.

• The percentage of non-opiate users completing treatment has reduced, and a new offer has been developed to address this

• Alcohol-related admissions to hospital reduced in 2018/19, although have shown a small increase in the latest data for Q1 2019/20

• The number of hate crimes reported reduced slightly in 2018/19, following a significant increase over the previous 12 months. Stockport continues to have the lowest rate across GM.
Transforming Justice
Key achievements against priorities

**Adult offending and re-offending**

- The Integrated Offender Management team has been highlighted as best practice, including resettlement funding and improved support for offenders in the community.
- Improved services are in place for female offenders, including representation at the Problem Solving Court, priority assessment for early help and group intervention through Stockport Women's Centre.

**Youth offending and re-offending**

- Funding awarded to tackle serious youth violence will focus on prevention, knife crime awareness, links with Pupil Referral Units and youth engagement.

**Victims**

- A GM restorative justice scheme has been launched, jointly delivered by REMEDI and ROC.
Transforming Justice
Performance headlines

• Positive trends in relation to 18-24 year old males at risk of custody, including lower re-offending
• Sentencing data shows a further reduction across all sentencing types but an increase in the average length of custodial sentences and number of breaches.
• Strong performance across MoJ measures, with latest data on youth offending showing a reduction in First Time Entrants to the Youth Justice System, custodial sentences and re-offending rates
Strategic Priorities

Radicalisation and extremism

✓ A Prevent Training Strategy is being delivered alongside GM initiatives to prevent hateful extremism and promote social cohesion

✓ The Channel Panel continues to function well. Operation Dovetail is testing a new way of operating for the Home Office, with local area coordinators now undertaking the vulnerability assessment framework

Shared Intelligence

✓ Development of a GM performance dashboard to track progress against ‘Standing Together’ outcomes
SSP in 2019/20 so far...

• Violent Crime Reduction Programme (£300,000) – with a particular focus on youth violence and knife crime

• Probation Service reforms

• SSP Delivery Plan refresh

• Updated performance framework (aligned to GM Standing Together Outcomes Framework)
Any questions or comments?

Thank you!
