Summary:

This report asks for Cabinet endorsement of the Central Stockport Infrastructure Delivery Plan Prospectus and Stockport Growth Prospectus along with a general rail update

Comments/Views of the Cabinet Member: (c)

The Infrastructure Prospectuses present ambitious projects and we need to put the building blocks in place now to help us achieve our aspirations for an additional 11,500 people calling the town centre 'home'.

Our infrastructure plans will have a huge impact on central Stockport and will ensure that we are well placed to deal with any future changes, attracting world-class businesses and strengthening our position as one of Greater Manchester's most desirable residential locations.

Stockport is in a very strong position to lead the Build Back Better agenda – for the Town Centre, for the wider Borough, and for Greater Manchester as a whole – and our infrastructure delivery plans are a vital part of our long-term ambition.

Recommendation(s) of Cabinet Member: (d)
