5 Building Section 1:100

NW Elevation proposed

1:100

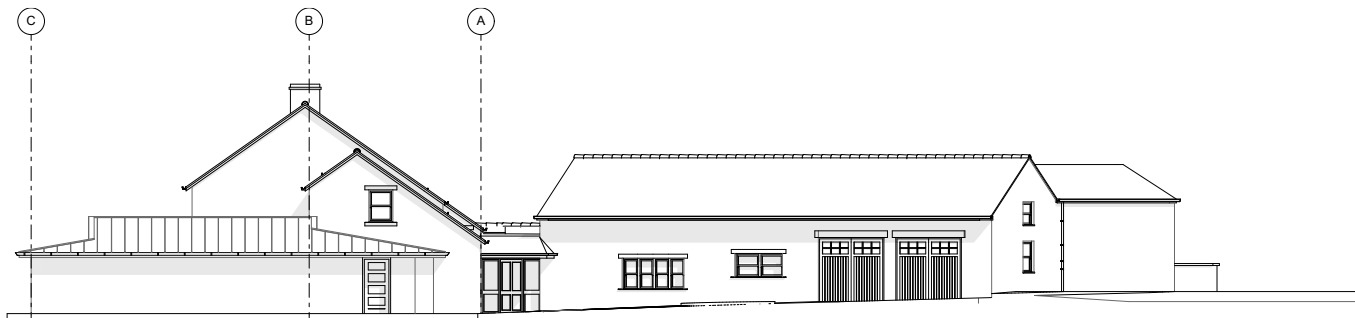

2 SW Elevation proposed

1:100

1 SE Elevation proposed

1:100

4 NE Elevation proposed

1:100

Rev C: 26/06/2020  
Elevations updated to suit client requirements  
Rev B: 23/06/2020  
SW & NE elevations amended to illustrate a reduction in proposed length between gridline B & C of an additional 0.94m, reducing the proposal by a further 26m³ in volume (cross sectional area shaded pink = 27.7m²)  
Rev A: 10/02/2020  
SW & NE elevations amended to illustrate a reduction in proposed length between gridline B & C of 750mm. This reduced length creates a proposed volume reduction of 18.7m³, thereby reducing the submitted proposed volume from 402.7m³ to 384.0m³, as compared to the existing volume of 399.5m³ which is 5.5m³ larger than this amended proposal.
