(i) Chair's Announcements

No announcements were made.

(ii) Neighbourhood Policing

Sergeant Philip Lowe attended the meeting to report on neighbourhood policing issues within the Central Stockport area. He also reported on recent crime committed in the Central Stockport area.

The following issues were raised/comments made:-

- There continued to be anti-social behaviour problems in the Edgeley and Cheadle Heath Ward, including arson, stone throwing at vehicles and damage to bus shelters, although the number of incidents had reduced. Funding had been authorised for an anti-social behaviour operation which was due to run until 19 December and this was having some impact.
- Reports of vehicle crime on Windemere Road in the Manor Ward were raised.
- Members asked about the rise in the number of incidents of anti-social behaviour in Brinnington. To try and combat this, groups of youths on the periphery were

targeted and work had taken place with partners such as the Youth Offending Team and Stockport Homes.

- The Police Inspectorate's findings of under-reporting of crime by Greater Manchester Police was raised.

RESOLVED – That Sergeant Philip Lowe be thanked for his attendance.

(iii) Public Question Time

Members of the public were invited to put questions to the Chair of the Area Committee on any matters within the powers and duties of the Area Committee, subject to the exclusions set out in the Code of Practice.

Three public questions were submitted as follows:-

- The first question related to residents' concerns in relation to the former Adswood Hotel and the condition of the site.

In response, a representative of the Corporate Director (Place) and Deputy Chief Executive stated that planning permission had been granted by the Area Committee in December 2017 for a 60-bed care home with an ancillary community café. Ordinarily, this permission would have expired on 14 December 2020, but due to the Covid-19 pandemic the permission had been extended until 1 May 2021. Planning Enforcement Officers had visited the site and spoken to the owners and concluded that no enforcement action was justified at the time of their last visit in mid-November.

RESOLVED – That Officers contact the owners of the site to try and ascertain their intentions in respect of the approved planning permission and provide a written response to the questioner.

- The second and three questions related to proposed changes to access barriers at Reservoir Road, Edgeley and Bexhill Road, Adswood.

In response, a representative of the Corporate Director (Place) and Deputy Chief Executive stated that with regard to Reservoir Road the barriers had been extended to 2.5 metres to make them more accessible. The road was accessible for a mobility scooter and bikes should be able to get through, although not at speed. The changes should mean that the road was safer for all users.

RESOLVED – That written responses be sent to the questioners.

(iv) Petitions

No petitions were submitted.

(v) Open Forum - Stockport Garrick Theatre

Representatives from Stockport Garrick Theatre attended the meeting and addressed the Area Committee about its role, how it had adapted during the Covid-19 pandemic and its future aspirations.

- Members commented that the Garrick Theatre had done well to keep going throughout the Covid-19 pandemic and to cope with the subsequent challenges.
- The Garrick Theatre was an important part of Stockport's cultural fabric.
- Members commented on the professional and quality productions that were staged at the theatre and asked how best they could support the organisation in the future. Kirsteen Roe (Service Director – Citizen Focus) attended the meeting to present the item and to respond to questions from Councillors.

The following comments were made/issues raised:

- Members raised the issue of the rise of unemployment particularly among young people, and how the Borough Plan intended to address this. Members noted that there had been a shift in consumer behaviour towards online shopping and away from shopping in town and district centres. This meant that businesses had to adapt. The growing areas for business were technology, digital and logistics and the plan aimed to assist young people with obtaining jobs in these types of areas. There were a number of challenges remaining, but some businesses had managed to adapt well to current circumstances and there were lessons to be learnt from this.
- Members stated that there had been a widening of the equality gap in terms of income during the Covid-19 pandemic. This impacted on the health, wellbeing and life expectancy of Stockport's citizens. Getting people into work was vital in trying to address this issue.
- The issue of climate change was felt to be crucial and any decisions should be taken in the light of the Council's recent commitment to become a carbon neutral Borough by 2038. Members considered it vital to encourage 'green' industries into Stockport. Members were advised that this issue formed one of the pillars of the Borough Plan and was being discussed widely across different sectors.

A representative of the Corporate Director (Place) and Deputy Chief Executive submitted a report (copies of which had been circulated) which set out a proposal to try and deter motorbikes using the footway/cycleway over the reservoir on Reservoir Road, Edgeley. There had been reports of motorbikes speeding across the footway side and that there was a lack of preventative measures to stop this access to motorbikes, causing concern to pedestrian and cyclists for their safety.

The following comments were made/issues raised:

- Ward Members clarified that the proposals had been initiated as a result of nearly twelve months of complaints from residents. Speeding motorbikes continued to be an issue. Despite working closely with Greater Manchester Police, the culprits had not been identified.
