

REPORT TO:	Area Committee
DATE:	February 2021
REPORT OF:	Leader of the Council; Deputy Leader of the Council
REPORT TITLE:	Addendum to the One Stockport Borough Plan report: Stepping Hill Area Committee summary

1. Introduction

1.1. This addendum builds on the Borough Plan update report shared with Area Committees. It outlines the comments we have had from Scrutiny and feedback from elected members to have a clearer overview of how feedback from Area Committees in December is informing the development of our draft One Stockport Plan.

1.2. This Plan is a partnership plan. It has been developed across partners. Whilst not all partners can present the plan a video has been prepared to support joint presentation. This is available here:

2. Feedback from Scrutiny and Area Committees

2.1 The draft One Stockport Plan has been shared as widely as possible to seek any feedback and comments on how this has been brought together. This includes sharing with all partnership forums and groups who have taken part in the development of the Plan so far. This includes being shared with all Scrutiny and Area Committees. Feedback received has been built into our engagement report. In response to scrutiny members feedback we have also further expanded the summary of area committee feedback received in the engagement report. The engagement report will be updated in advance of Full Council to incorporate any further feedback not received in time for the publication of this report.

2.2 Comments received on the draft plan were broadly within the following themes:

- There was feedback on making clearer the importance of **local and district centres** as well as the town centre. Recognising the diverse and thriving communities across Stockport.
 - *The 'Creative and Flourishing Stockport' priority has been updated to reflect this.*

- Broad consensus about the importance of working closely together to **address the challenge of inequalities**. A strong message that this needed to be a fundamental part of our Plan and that our actions needed to be tangible and ambitious to improve outcomes in education, health and mental health for those experiencing inequality.
 - *Success measures throughout the borough plan have been expanded upon. This focus will also be further embedded within our developing delivery plans and outcomes framework.*

- The Plan is engaging, it was **great to see cross-partnership working in action** and embedded within a shared plan alongside a hopeful, ambitious and inclusive vision for our Borough.
 - *Collaboration is embedded as a core partnership value. We will also now focus on the development of shared partnership delivery plans, where these are not already in place, and a shared outcomes framework.*

- The need to **focus on tangible, but ambitious, action** and be clear on the impact that we want to see and by when. This included being clearer on where new areas of work would be launched.
 - *This will be further embedded within our developing delivery plans and outcomes framework.*

- That we needed to **ensure that the Plan was meaningful for local people**, including ensuring that it was easy to access, understand and reflected all communities in Stockport.
 - *We will work with local members and communities to shape how we bring the plan to life in local areas. In relation to the plan we will develop an accessible web Plan as well as an easy read version of the plan. We will work together with our communities to ensure the plan is published in a variety of formats in order to be accessible.*

- We also heard feedback on specific **areas that whilst already captured within the Plan there was an ambition to emphasise the ambition or focus**. Such as:
 - The power of culture and creativity in impacting wider outcomes across our communities;
 - Cross-cutting benefit of social value;
 - Importance of education and schools for children, young people and families;
 - a clearer call to action for residents to be resilient not just in terms of the economy but also for the climate.

2.3 The updated draft plan incorporates feedback received to date from across all groups involved in the development of the plan. This plan is also being discussed at all area committees prior to Cabinet. This feedback will be shared separately for the Cabinet meeting.

3. Feedback from Stepping Hill Area Committee

4. Next Steps

4.1 In reflection of feedback from previous area committees and scrutiny committees, members views are particularly sought on:

- What more we can do to make the Borough Plan meaningful within your local communities;
- Views on how we ensure the Plan is impactful;
- Views on what more we could be building into the plan on inequalities.
