

Amendment to Report of Appeal Decisions, Current Planning Appeals and Enforcements

(Agenda Item 6 : Planning and Highways Regulation Committee Meeting – 29.4.21)

It has been noted that there is an error on the entry relating to the breach of planning control at the former Standard Chemicals site at Mill Lane, Cheadle, on page 262 of the Agenda papers (under the Enforcement Appeals section of the Report relating to Cheadle Area Committee).

The final section of that entry records:-

“Land at Mill Lane guilty plea entered by letter on 12 February, however signed by company accountant who cannot do so. Also defendant did not attend. Court cannot deal with matter on this hearing as it cannot remove right to choose venue (Magistrates or Crown Court). Adjourned to 26th April for defendant to appear and confirm venue and enter plea.”

That entry should have been recorded against the update on page 283 relating to the stop notice and enforcement notice in respect of Land at Mill Lane, Romiley.
