14 June 2021**

**Mark Glynn (SMBC) and Superintendent Marcus Noden (GMP)**

# Safer Stockport Partnership – Overview

# GM Police and Crime Plan 2018-21

## ‘Standing Together’ – Outcomes Framework

### Overarching

1. People feel safe at home, at work, socialising and when travelling in Greater Manchester
2. There is increased confidence in the organisations that contribute to community safety
3. The police and community safety services are believed to be effective, efficient and fair by direct users of the services and the wider community
4. The justice services are believed to be effective, efficient and fair by direct users of the services and the wider community
5. Places are believed to be safe / secure and communities perceived to be strong

### Keeping people safe

6. There are fewer repeat victims
7. Those who have been abused or exploited are cared for and helped to recover
8. Service users are satisfied with the services they received from the police and other organisations that contribute to community safety
9. There are fewer inequalities in satisfaction and confidence

### Reducing Harm and Reoffending

10. There are fewer recidivists
11. There is a reduction in the frequency and seriousness of offending
12. Justice is perceived to be fair and equitable
13. There is increased confidence in the Criminal Justice System
14. There is increased confidence in restorative approaches, rehabilitation / recovery

### Strengthening communities and places

15. Places are believed to be safe and secure
16. People have better perceptions of the places they live, work and travel through
17. People feel communities are stronger

# Key Headlines 2020/21 by Theme

# Public Safety and Protection

## Key achievements against priorities

### Covid

Covid has been and remains the most significant driver of demand over the last year, managed through strong partnership work with GMP, Council's Pandemic Response Team and Stockport Homes.

Proactive and effective pandemic response activity on business-related issues, including engaging and supporting a range of businesses and implementing a new process to assess applications for events.

Limited youth outreach interventions and recreational opportunities - this, coupled with closure of schools, has put extra pressure on parks.

### Antisocial Behaviour (ASB)

Series of ASB incidents over the festive season, with multiagency work to address these.

With the relaxation of restrictions youth outreach interventions can resume, including the delivery of the Serious Violence Reduction programme within schools and the new 'Detached Outreach' Youth Work Team.

### Crime

Residential burglary, domestic abuse and crime/incident investigation standards are Stockport's current operational priorities.

Ongoing operations continuing into Spring/ Summer 2021 include: Op Ocean: GMP response to Covid breaches and raves; Op Sycamore: GMP response to knife crime; Op Harrington; GMP response to protests.

# Public Safety and Protection Performance Headlines

Average of approximately 70 Covid-related breaches reported per week in Stockport throughout 12-month period of pandemic.

Significant drop in incident demand from mid-March to June but trend reversed in summer and returned to more typical levels.

92% of Stockport residents say that they feel “very” or “fairly safe” in their local area, which is statistically significantly higher than the figure for the whole of GM (88%). (GM Policing and Community Safety Survey, “Wave 6”, December 2020). Some groups however feel safer than others.

Increase in referrals for targeted youth support as schools have returned and court backlog is cleared.

# ASB Reported to Stockport Homes and Place

# serious and Organised Crime

key achievements against priorities

## **Organised Crime Groups (OCGs)**

Operation Challenger continues to disrupt Stockport OCGs, preventing the reforming of gangs and dismantling supply lines.

Over the last year this has included imprisonment of prominent OCG members; execution of intelligence led warrants; firearms seizures; and over £400K of Proceeds of Crime Act (POCA) monies seized.

## **Young people at risk of involvement in serious and organised crime**

Challenger has targeted Child Criminal Exploitation including 'County Lines' operations, undertaking safeguarding operations with Aspire and cross border work focused on avoiding "adultification" of children and their likely 'victim' status.

# Transforming Justice

## Key achievements against priorities

### **Probation Reforms**

Reforms to reunify Probation Services and Community Rehabilitation Companies continued throughout 2020/21 and will create a single service covering the GM footprint with a new model commencing in June 2021.

### **Adult Offending and Reoffending**

During the pandemic NPS and CRC adapted delivery models to ensure safe service delivery, with Accredited Programmes delivered remotely and Community Payback delivery largely paused.

New national Integrated Offender Management (IOM) strategy launched in December 2020 including a new approach to support risk management of domestic abuse service users and focus on those with a particularly high risk of re-offending.

Community Sentence Treatment Requirements are being increasingly used with a refreshed treatment offer being promoted to courts aimed at addressing addiction via requirements to engage in rehabilitation programmes.

# Transforming Justice

## Key achievements against priorities

### **Adult Offending and Reoffending (continued)**

Services continue to work with the GM Violence Reduction Unit, aiming to reduce incidence and fear of serious violence, particularly knife crime, through a “public health” approach.

A new Intensive Community Order (ICO) model (aimed at young adults) has been developed and should be available for courts shortly post-unification. Work is also underway with the VRU to develop an area wide ICO approach for young adults including cases involving the resettlement of offenders following periods in custody.

GM Restorative Justice (RJ) Service (operated by Remedi, working in partnership with statutory services) will pilot a post-conviction victim led RJ process in Manchester in 2021/22 focussing on cases of domestic abuse.

### **Youth Offending and Reoffending**

Progress on a wide range of GM led work which Stockport is actively engaged in through the GM Youth Justice Transformation Board including the development of a GM Resettlement Consortium focussing on the resettlement needs of children.

Annual Youth Justice Plan was approved by YOS Partnership Board and Full Council.

# Protecting Vulnerable People Key achievements against priorities

## **Drugs and Alcohol**

Continued work with GM to ensure that the priorities of the GM Drugs and Alcohol Strategy are addressed in Stockport.

Victoria Intensive Project (VIP) achieved the 2020 Municipal Journal Award for public health improvement, in recognition of the invaluable support being provided to individuals with complex drug and alcohol issues.

## **Domestic Abuse**

Services have continued to be delivered to children and families affected by domestic abuse during the pandemic through regular meetings, changes to pathways and service delivery and access to emergency housing provision where available.

Additional funding has been made available to tackle domestic abuse this year through the Perpetrator Programme, the Home Office Children Affected by Domestic Abuse (CADA) fund and via the Domestic Abuse Fund.

## **Complex Safeguarding**

The Aspire, complex safeguarding service, has continued with their offer of duty support and consultation during the pandemic. Development has continued around pieces of work including: completion of the Female Genital Mutilation strategy and action plan and a complex safeguarding week of action in October.

## **Crime**

Proactive work on hate crime has continued during 2020 through the Hate Crime Partnership Group including the hate crime awareness week and work to connect with local voluntary and community groups on hate crime.

# Protecting Vulnerable People

## Performance headlines

- 5500 Covid risk assessments undertaken for children deemed to be vulnerable.
- An initial reduction in referrals to the complex safeguarding team but increases seen since the summer.
- An increase in the number and complexity of referrals for domestic abuse incidents over the last 12 months.
- The percentage of non-opiate users successfully completing treatment is 46.7%, which is the 3rd highest in GM and compares favourably against the national figure of 35.9%.
- There was a significant increase in hate crime July-September, however, this has substantially reduced since.

# Preventing Radicalisation and Extremism

- GM Prevent Self-Assessment completed for Stockport, with feedback and learning expected to be shared in May.
- With local authority responsibility for case management through “Operation Dovetail” in place and new statutory guidance being implemented, Stockport Channel Panel continues to function well.
- Numbers of Channel referrals across GM and in Stockport have fallen over the past year (linked to reduced school attendance) and are lower than previous years.
- Given young people spending more time online than they were pre-Covid, there have been increased concerns about access to extremist materials online over the past year, with schools being provided with advice and guidance to raise awareness.
- Planning and preparation underway for the Channel Panel Case Peer Review due to commence in July.
- As we build stronger relationships with our communities through our developing neighbourhoods model, keeping people connected in our communities – supporting community cohesion and reducing community tensions – will be key.

# Forward Look

# One Safer Stockport Plan

SSP Plan is a key partnership  
delivering of the recently  
Stockport Borough  
aligned to the One Heart “A  
g and supportive Stockport”  
ity.

GM “Standing Together”  
e and Crime Plan is a 3 year  
due for renewal this year -  
s to have a new strategy in  
e by 1st April 2022.

icipate work to develop a  
SSP Plan with partners  
g place in the second part of  
ear, aligning as much as  
ible with the GM Police and  
e Plan development, and  
g forward the partnership  
n of the One Stockport  
ugh Plan.

## ONE HEART

At the heart of Stockport are its people and the communities in which they live.

- 1 A caring and growing Stockport**  
Stockport is a great place to grow where children have the best start in life
- 2 A healthy and happy Stockport**  
People live the best lives they can - happy, healthy and independently
- 3 A strong and supportive Stockport**  
Confident and empowered communities working together to make a difference

## ONE HOME

Stockport is a great place to live, where no one is left behind.

- 1 A fair and inclusive Stockport**  
A borough for everyone - diversity and inclusion is celebrated and everyone has equity of opportunity
- 2 A flourishing and creative Stockport**  
Stockport is an exciting place to live, where people are active and celebrate the culture
- 3 A climate friendly Stockport**  
Stockport is a responsible and sustainable borough

## ONE FUTURE

Growing, creating and delivering a thriving future for Stockport

- 1 An enterprising and thriving Stockport**  
A thriving economy which works for everyone
- 2 A skilled and confident Stockport**  
Everyone has the opportunities to successfully achieve their ambitions
- 3 A radically digital Stockport**  
A digitally inclusive and dynamic borough
