Summary:

The report provides a brief overview of the proposed Greater Manchester Streets for All Strategy that has been developed by Transport for Greater Manchester as part of the 2040 Greater Manchester Transport Strategy and seeks comments on it and approval of the strategic approach.

Comments/Views of the Cabinet Member: (c)

The principles of the Streets for All strategy for Greater Manchester which is a sub strategy of the Transport Strategy 2040 are ones which support the Councils wider goals in regards to Sustainable Transport. Understanding that all specific transport schemes in Stockport have to consider the wider implications that they present to the borough I recommend that the Cabinet support the Strategy.

Recommendation(s) of Cabinet Member: (d)

It is recommended that Cabinet support the overall principals of the strategy but recognise any future highway schemes whilst supporting the general strategic approach will also need to consider the wider impacts of a scheme and the overall impact on the highway network.
