It has disabled access. **Recommend St Thomas' Church as polling place for the polling district.**

ND Polling District

There are no suitable buildings centrally located within the polling district. Following the closure of the United Reform Church in 2011, the polling station was relocated to St Thomas' Church on the edge of the polling district for the 2012 local elections. A complaint was received that this polling station was not convenient for all electors in the polling district. For the PCC election in November 2012 a mobile polling station was situated on Egerton Road South. However, this location is not considered suitable for future elections on road safety and traffic management grounds. Given the absence of suitable buildings within the polling district it is recommended that the polling district is amalgamated into adjacent polling districts and the electors be allocated to more accessible polling stations as follows:

- Streets east of railway line transferred to district NE (592 electors);
- Streets north of Heaton Moor Road and west of railway transferred to district NC (138 electors);
- Streets south of Heaton Moor Road and west of railway transferred to district NF (279 electors).

Recommend amalgamation of polling district ND into polling districts NC, NE and NF and subsequent renumbering of those polling districts (NE becomes ND and NF becomes NE).
