### **4. PRIMARY CARE TRUST AND FOUNDATION TRUST ANNUAL SELF ASSESSMENTS**

(Oral Report)

To receive an oral overview of the Primary Care Trust (PCT) and Foundation Trust self assessments for 2008/9

Each year all NHS organisations are required to complete a self assessment, which involves declaring their compliance with 24 core standards. This information is submitted to

the Healthcare Commission and forms part of the Annual Health Check assessment of quality.

All PCT and NHS Trusts have a statutory responsibility to ask relevant health overview and scrutiny committees to comment on their performance against any or all of the core standards. The aim is for Scrutiny to provide a reality check on the self assessment and to demonstrate the links between services and the experience of local people.

At its review selection meeting on 3<sup>rd</sup> June 2008, this Scrutiny Committee agreed to focus its comments on standard C17 of the patient focus domain; and selected the St Thomas' development as evidence to test the PCT's achievement of the standard.

This agenda item will, however, provide the Committee with a general overview of both the PCT and Foundation Trust's performance in relation to all 24 standards.

**The Scrutiny Committee is invited to comment on the self assessments and note any key issues which may inform the Committee's future work programme.**

The final version of the draft strategy will be presented to the PCT Board for approval, at its meeting on 30<sup>th</sup> April.

**The Scrutiny Committee is invited to comment on the draft strategy. Any comments will be submitted to the PCT before the strategy is approved by the PCT Board.**

## **6. INFORMATION GATHERING ENQUIRY – OLDER PEOPLE'S HEALTH SERVICES**

To consider a report of the Assistant Chief Executive (Strategy, Performance and Governance) (Oral Report)

The purpose of this agenda item is to obtain a broad overview of what is happening both nationally and locally in relation to older people's health services, with a view to informing the Committee's future agenda planning and in-depth review selection.

The Committee has identified the following objectives for the meeting:

- a) To enable Members to further improve their understanding of older people's health provision in Stockport;

- d) To use the information acquired to inform the Committee's future work

The full range of stakeholders have been invited to this one-off meeting to give their views, experiences and perspectives, in order to ensure a comprehensive and well balanced inquiry.

There will be three stages to the meeting:

- i. General Introduction to the issues to be considered (including the national context),
