The Chair confirmed that there was no requirement for residents to register to receive the vaccine, and that no payment would ever be requested. Residents were reminded that they should never disclose personal information in response to unsolicited emails.

The Chair extended her congratulations to the Cherry Tree Project in Romiley on securing a new home for their services. It was further reported that the Ada Kay Centre, Bredbury had been taken over The Weekend Day Centre for Dementia Care.

The Chair thanked local residents in the Werneth area for their community efforts to assist others during the recent flooding which also included Welkin Mill and several businesses.

Councillor Clark then reported that following an increase in anti-social behaviour in the Bredbury Green & Romiley ward, local councillors helped arrange a multi-agency meeting to discuss the issue including representation from Greater Manchester Police, the Youth Offending Team, several housing associations, local schools and a recently formed neighbourhood watch group. Kirsteen Roe (Service Director – Citizen Focus, Stockport Council) attended the meeting to present the item and to respond to questions from councillors.

The following comments were made/ issues raised:-

- The publication of an addendum to the report providing feedback on the specific comments on the Borough Plan made by the Area Committee at its last meeting was welcomed.
- It was commented that the report referred to Stockport being 'one of the best connected towns', however this was not representative of the Borough as a whole as there were many communities that suffered from extremely poor connectivity including, for example, Greave.
- The ongoing impact of the coronavirus pandemic had made people look more to their immediate communities rather than to the Borough as a whole, and there needed to be a more localised focus to the Plan.
- Further information was requested in relation to the number of groups and organisations involved in the Stockport Interfaith Forum that had been referred to within the report.
- Further detail was requested in terms of what was being proposed in terms of interventions in Stockport's local and district centres.
