Good Morning Jeannette

Pleased to meet you.

In Jenette's absence I believe you are handling any communications regarding the hearing next week for the above application. Jenette did mention that there may have been further communications this week regarding correspondence from last year (please see below). Can you confirm if we should expect anything further?

I have spoken with my client over the last few days about the premises licence application and Nick has thought long and hard regarding the concerns expressed in the representations regarding the proximity of Bolshaw Primary School. He is confident that the style of business he intends to operate would not impact the protection of children from harm licensing objective but as a local man and a father of three children himself he is not unsympathetic to any parents concern.

With this in mind we would like to offer an additional condition which we hope will both assuage the concerns on this matter and perhaps help highlight his genuine wish to run his business as part of the community.

As Bolshaw Primary closes at 3.15pm we would like to offer the below additional condition which I would be grateful if the sub-committee could receive it before the hearing.

**No sale of alcohol shall take place before 16:30hrs Monday to Friday on any school term day.**

I hope this will help allay any fears regarding this particular concern.

Please can you confirm receipt.

All the best

Ian
