

ROSE HILL ALLOTMENTS- ASSET OF COMMUNITY VALUE NOMINATION

Report of the Strategic Head of Estate & Asset Management

1. INTRODUCTION AND PURPOSE OF REPORT

- 1.1 To provide Members with information about a nomination received in response to the Community Right to Bid, and
- 1.2 To ask Members to determine the nomination whether Rose Hill Allotments should be added to the list of Assets of Community Value, subject to the criteria set out in S 88 of the Localism Act 2011.

2. BACKGROUND

- 2.1 The Community Right to Bid, which is also known as Assets of Community Value is one of the rights derived from the Localism Act, 2011. The aim of the Right is to empower communities wishing to protect valuable local assets (land and buildings) by requiring the Council to maintain a list of assets in its area which are of community value, so that upon sale, the community will have a chance to delay a sale in order to prepare a bid to buy. The Right does not restrict in anyway who the owner of the asset can sell his property to, or at what price and does not confer a right of first refusal to community interest groups. The Right does not apply to residential property or operational land as defined in the Town and Country Planning Act 1990 Part 2.
- 2.2 On 1 October 2012 the Council's Executive agreed the Community Right to Bid Policy Statement, which invites written nominations from voluntary and community organisations. The Council is obliged to review every nomination and reach a decision within 8 weeks.
- 2.3 A nomination has been received to add Rose Hill Allotments to the list of assets of community value. Information has been collated into this report for consideration.

3. INFORMATION

- 3.1 The Government has set out in the Localism Act 2011 and the Assets of Community Value regulations 2012 setting out who can nominate assets and a definition of assets of community value. A summary of each is set out below for reference:

An asset is of community value if

- It is at least partly within the local authority's area
- Its main use (i.e. not ancillary) has recently been or is presently being used to further the social wellbeing or social interests of the local community and could reasonably do so in the future i.e. within the next 5 years
- It does not fall within one of the exemptions specified in the Regulations

Only voluntary and community organisations with a local connection, so based in Stockport or a neighbouring authority can nominate an asset for inclusion on the list. This includes:
