Hi Monika,

I hope you and your baby are both well.

You're aware that I visited 103 Bloom street on the afternoon of 28 September. The purpose of the visit was to assess compliance with the premises licence conditions so that, if requested, an update could be provided to the Licensing Sub Committee later that evening .

During the visit it was noted that some of the premises licence conditions were not complied with, in particular these appeared to be in relation to documentation that should have been available at the premises.

The attached letter outlines my findings and highlights the areas of concern, please can you ensure these issues are addressed

Regards
