

Stockport Climate Action Now (CAN) is the Council's strategy to be carbon neutral.

The Council has pledged a target of 2030 for our own operations and 2038 for the Borough.

This includes supporting and working with businesses, communities, schools and residents to enable climate action.

The Mission: GM pathways to net zero

To achieve the 2038 mission, the GM 5-Year Environment Plan outlines GMCA’s ‘fair’ carbon budget contribution of **67 mega tonnes for 20 years**. The critical focus is not exceeding our total budget.

Across 2015-19, GM’s emissions were 8.3MtCO₂ **above** the Tyndall budget, i.e. an additional 8.3MtCO₂ savings need to be made **on top of** the Tyndall budget. **This gap has been increasing year on year.**

Key point is that significant cuts must happen now.

Stockport's carbon budget

FIGURE 1:

SCATTER sector inventory for direct and indirect emissions within Stockport 2017

- Total Buildings (66%)
- Transport (30%)
- Waste (4%)
- Industrial Processes and Product Use (<1%)

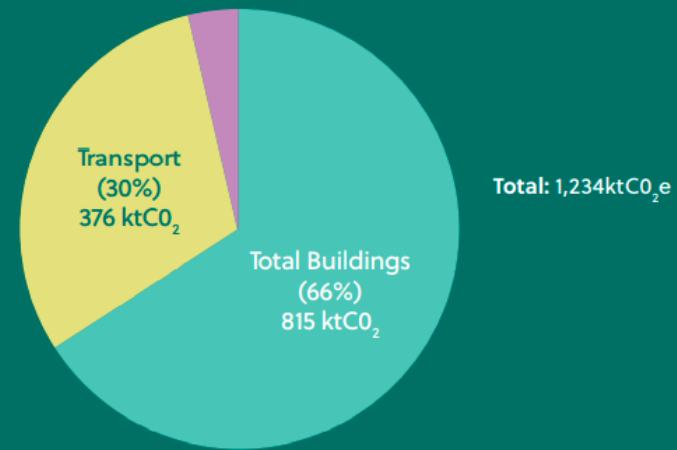

FIGURE 2:

SCATTER sub-sector inventory for direct and indirect emissions within Stockport 2017

- Residential Buildings (40%)
- Commercial buildings facilities (4%)
- Institutional buildings & facilities (13%)
- Industrial buildings & facilities (8%)
- On-Road Transport (30%)
- Waterborne navigation (<1%)
- Wastewater (1%)
- Industrial product use (<1%)
- Rail (<1%)
- Solid waste disposal (2%)
- Industrial process (<1%)

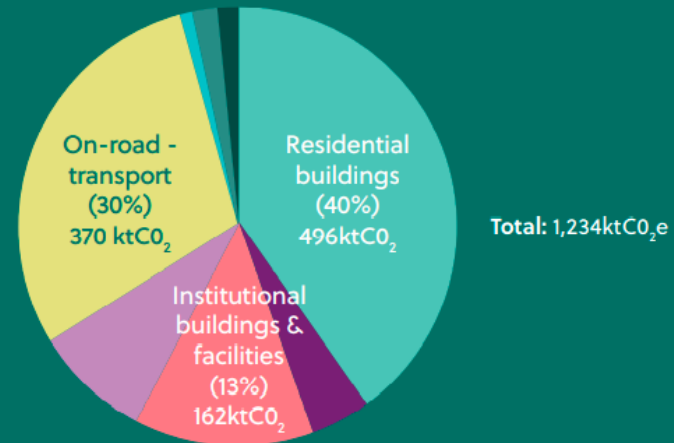

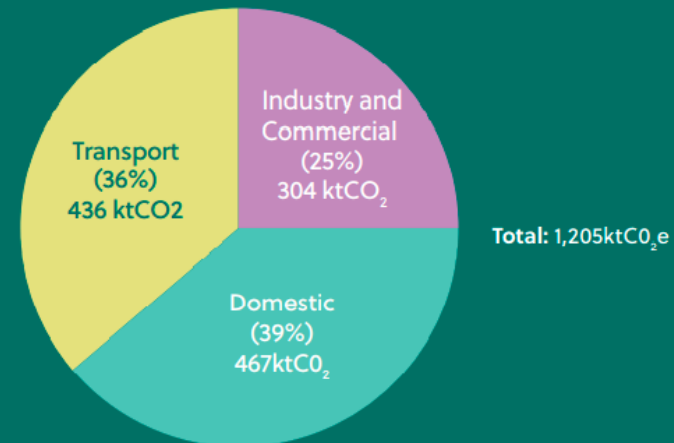

FIGURE 3:

BEIS sector inventory for direct and indirect emissions with Stockport 2017

- Industry and Commercial (25%)
- Domestic (39%)
- Transport (36%)

Climate Action Now (CAN) – 2022/23

Council

- Council Operations GHG Emissions - Improving data gathering & reporting process
- SBT's & Carbon Budgets
- Financial Appraisal Tool & Env. Impact Assessments
- Decarbonisation / Renewable Energy Projects – Salix + UCEGM / ERDF PV Schemes delivered via Go Neutral
- Extensive Tree Planting / Biodiversity Programme + Planning for 10% BNG
- Local Area Energy Plan Integrated in to Strategic Review for Decarbonisation of Council Estates / Schools, Transport & Housing Plans
- Accelerate EV Charge Point Installation & Zero Emission Vehicles Plan
- Augment Climate Governance & Risk Assessments
- Local Plan, Transport Plan, Economic Plan, Housing Plan developed through 2022

Engagement

- CAN Fund – Dec 21 to Dec 22 - £9K per ward
- Climate Action Business Forum & Green Pioneer 10 Business Competition – Feb 22
- Schools Climate Assembly – Feb to July 22
- Carbon Literacy Programme (Internal & External)
- UK100 / Net Zero 2030 & Local Climate Engagement – Coaching Group
- GMCA Partnerships
- CAN Summit & CAN Annual Report – June / July
- Schools Art Competition
- Community / Sector 3 Climate Network
- Climate Champions network across the Council

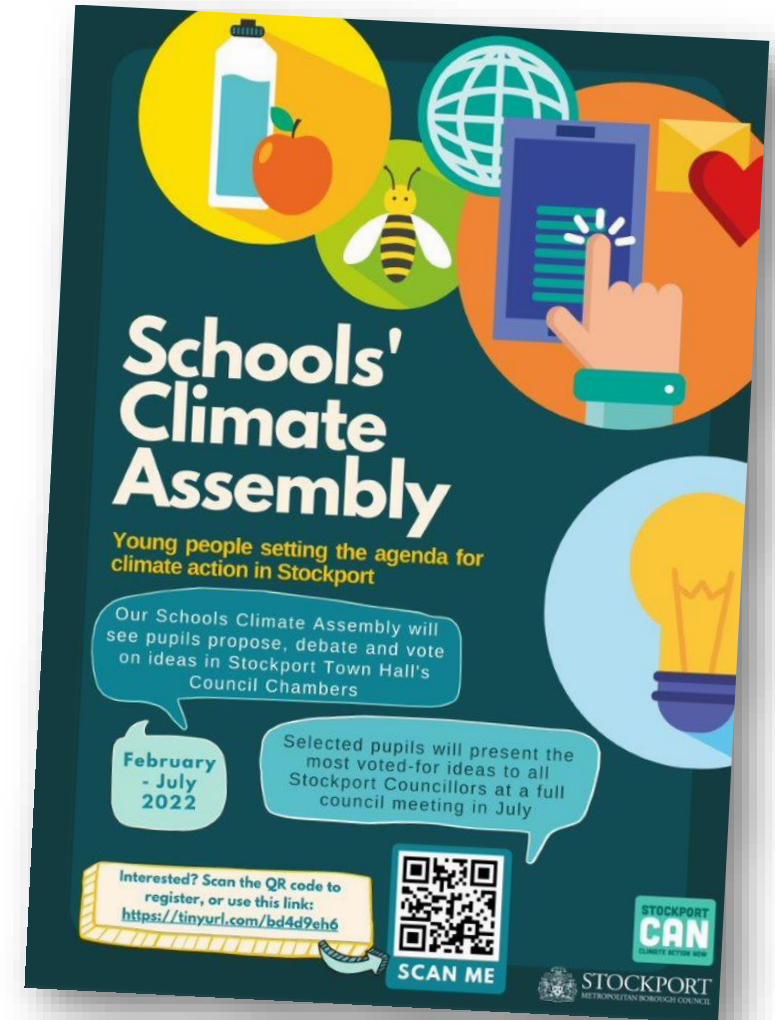

CAN Highlights: Schools & Youth Climate Assemblies

From February to July 2022, we are running the Schools & Youth Climate Assemblies.

Young people will learn about, propose, debate and vote on climate action ideas.

There's still time for schools can still register to take part in the Council Chambers debate!

Contact: stockportcan@stockport.gov.uk

CAN Highlights: Stockport CAN Fund

- Open to all groups (including non-constituted groups) to apply for up to £500 for activities that help tackle climate change
- Constituted organisations with a bank account can propose larger projects (a few thousand) via the CAN team

Eligible activities could be anything from:

- purchasing sewing machines or tools that enable repair
- energy saving devices to make a building less costly to heat and power
- equipment needed to run healthy cooking workshops
- community events that increase awareness of climate change
- gardening tools and compost so you can grow veg
- and lots more!

STOCKPORT CLIMATE ACTION NOW FUNDING

DO YOU HAVE A **GREAT IDEA** THAT **COULD HELP TACKLE CLIMATE CHANGE?**

Funding is now open for communities and schools in Stockport to apply for money to kickstart activities that will help tackle climate change by reducing greenhouse gas emissions. This could involve ideas around energy reduction or efficiency, repair or upcycling, growing or cooking sustainable food, and more. For more information, see all the details here:

www.stockport.gov.uk/CANfund

ONESTOCKPORT

Stockport CAN Fund

Culture Bridge - community cooking workshops that will encourage and teach about locally-sourced food, vegetarian cooking and reducing food waste.

Chinar said: “These workshops will create a strong bridge of communication and trust between the groups of women. It’ll raise their confidence and self-esteem and encourage them to step out of their isolation and work together under one united roof of sharing cultures and enjoying life together.”
