

**SCRUTINY REVIEW PANEL –**

**THE COUNCIL'S RELATIONSHIP WITH HEALTH PARTNERS**

Report of the Cabinet Member for Health and Adult Care

**1. Introduction**

- 1.1 This Scrutiny Review was jointly commissioned by CRMG and Adult Social Care & Health Scrutiny Committees. The Final Report and Recommendations were considered by both Committees in April 2021 ahead of Cabinet on 27 April 2021, where it was agreed to prepare a response.
- 1.2 Since the Final Report was approved, significant progress has been made against delivering the recommendations. The opportunity was therefore taken to provide an update in addition to a Cabinet Response against these recommendations.
- 1.3 A comprehensive response to the recommendations and update on implementation was agreed by Cabinet on 15 March 2022. This is attached and is now presented back to Scrutiny Committees.

**2. For consideration**

- 2.1 Recommendations from the review are closely aligned with the council's priorities in working with health partners and providers. Significant progress has been made in delivering these recommendations over the last twelve months, including the launch of the One Health and Care Plan and development of shadow Integrated Care System arrangements ahead of full implementation in July.
- 2.2 The Cabinet response and update should be considered alongside the ICS update elsewhere on the Scrutiny Agenda.

**3. Recommendations**

- 3.1 Scrutiny Committee is asked to note and comment on the Cabinet response and update.
