2. About Your Application

9. Please give us a brief description of your proposed/planned project or activity

You may wish to include details of what activities will take place, where will it happen, how often and who will take part. If you are applying for equipment you can tell us what will it be used for and why is it needed.

We currently have a defibrillator which is stored inside the clubhouse. Recently we had an incident when a member of the public approached us requiring immediate use of the defib following a lady's collapse in a nearby garden. Fortunately a member was playing bowls and was able to access the defib but it highlighted to the committee that, had the clubhouse been closed, then they would not have been able to use the machine with the result of a possible avoidable death of a local resident. The committee have decided it would be better to resite the defibrillator to outside the clubhouse which would be available 24/7 for future need. The Defibrillator would need to be housed in a bright yellow box with keypad.
