- The emerging Stockport integrated health and care model

In September 2021 and March 2022 both the Cabinet and Scrutiny Committees received a report which outlined the expectations of Integrated Care Systems and local progress in Stockport.

This report provides a further update and describes the opportunities afforded by the new legislation; highlights the progress and recommendations made by the Shadow Locality Board and its constituent working groups; highlights the progress made at Greater Manchester level; and provides an overview of the future direction of Stockport's Locality arrangements. It is therefore anticipated that a further update will be brought to scrutiny committees in

The report recognises that further changes may need to be made to governance arrangements for the Stockport Locality Board once the GM Integrated Care System has been established and a finalised Scheme of Reservation and Delegation is available for the 10 Locality Boards

Recommendation(s) of Cabinet Member: (d)

- (i) Accept the recommendations proposed by the People and Communities Subgroup (Appendix 1)
- (ii) Agree that the Council vary (prior to 1 July 2022) the existing Section 75 agreement between the CCG and SMBC to pool only the Better Care Fund (BCF), Improved Better Care Fund (iBCF) and Disabled Facilities Grant (DFG) in 2022/22 which is the "minimum legal requirement".

- (iii) Agree that the Council enter into a MoU to formally document resources and funding contributions transacted between the CCG and SMBC which are pooled under the existing Section 75 agreement but will not be pooled if only BCF, iBCF and DFG resources are pooled.
- (iv) Agree that a Section 75 Committee be established to sit within, alongside or outside (to be confirmed) the Locality Board in order to administer and be the decision-making body for the Section 75 agreement from 1 July 2022. This committee could take the form of the existing Health and Care Integrated Commissioning Board (HCICB) subject to arrangements being put in place to amend the name of the committee, its membership (only noting the necessary change that any Members representing the CCG will become Members representing the ICS) and its terms of reference.
- (v) Agree that the Locality Board jointly considers aligned budgets as well as the Section 75 Pooled Budgets.
- (vi) That the Deputy Chief Executive and/or the Director of Strategy and the Strategic Head of Service (Legal and Democratic Governance) be authorised to do such things as are necessary or incidental to the implementation of the above recommendations.
