| Housing Association | <input type="checkbox"/> | | |

6. Please describe the main activities of your Organisation/ Group

Fund raising for public access community defibrillators

7. When was your Organisation/Group established?

2019

8. Does your organisation have the following policies and procedures in place?

If you are awarded a grant you will be required to send copies of all relevant documents as part of the grant agreement.

No, as we are a group of fundraisers we have not needed to have any formal paperwork, when we have assigned defibrillators to be fixed to a building (Pub, shop, pharmacy) it is then covered under their Health and Safety policies/ Public liability insurance.

We are hoping to become a registered charity in the future

- A governance/management committee
- A Constitution/governing document/set of rules
- An Equal Opportunities Policy
- A Child Protection Policy (where necessary)
- A Health and Safety Public liability

2. About Your Application

9. Please give us a brief description of your proposed/planned project or activity.

We are a group of Stockport residents that have formed a non-profit organisation called defibulous, we actively raise funds to purchase and install public access community defibrillators.

We have successfully raised funding for two defibrillators, we have almost raised all the money needed for our third and agreed a location with a business on Bramhall lane , we also have plans for the location and installation of our fourth in Bramhall North, North Park Road Bramhall. These vital lifesaving resources are then registered with the emergency services on Circuit allowing access should they be needed. The cost of a defibrillator and lockable box to ensure safe storage of them costs £1626. We also need to ensure we have funds to maintain and update equipment when necessary I.E pads and battery. Our vision is to have them in every ward/ area of Stockport.

10. Who will benefit from this grant?

Local residents to defibrillator site and all residents and visitors to location that need access to a defibrillator, This equipment will be registered on The Circuit which allows access via 999 calls.

10(a) How Many Stockport residents will benefit?

All

10(b) Are there any restrictions on who will benefit from the funding?

No

11. Your Project's Budget

Each Defibrillator/pads with lockable box costs £1,626

11(a) How much will the project/activity cost in total?

£1626 for each defib

We are aiming to continually raise funds for each ward of Stockport

11(b) Tell us about other any other sources of income you have already applied for or raised so far in relation to this project

We applied to Persimmons homes but were unsuccessful, we will also be submitting an application to The Manchester Airport fund

12. How much are you applying for from the Ward Flexibility Budget?

£1626, We understand that this is above the usual threshold of £1000 but we would continue with our fundraising to secure the extra funds, we have already raised approx £4,500 and our aim is to continue doing so to provide more equipment

12(a) If the amount you are applying for covers only part of the project/activity, then please tell us how do you intend to fund any shortfall?

We are doing fund raising on a continuous basis, we have done community events, Just Giving pages, Raffles and planned training sessions of Basic life support training.

13. What is the planned timescale for spending this grant?

If we secured the whole amount then we would immediately purchase the Defib and lockable box, If we secured a partial amount then it would take a few months to raise the additional funds necessary.
