

## **Stepping Hill Area Committee**

### **Supplement to Report**

Supplemental update to the report on the review of polling districts, polling places and polling stations to provide the Committee with details of representations received for the wards mentioned in the report. The below figures were up to date as of Thursday 28 July 2022.

#### **Davenport & Cale Green**

Two submissions have been received, both of which were positive about polling stations Kimberley Street Day Centre (DC9) and Stockport Cricket Club (DC7).

#### **Hazel Grove**

Representations were received which suggested moving polling district boundaries HZ1, HZ2, and HZ5, and for polling district boundaries to run along rear garden lines where required. Additional information and clarification of the details of this proposal has been requested by the Elections Office for consideration.

Further representations suggested the creation of a new polling district within HZ2 south of the railway line, allocating affected electors to the Scout Hut on Macclesfield Road (the polling station for NW5).

#### **Manor**

No submissions have been received.

#### **Norbury & Woodsmoor**

One positive submission was received about the mobile polling station at Dean Moor Road (NW4 and NW7).

A neutral submission was received regarding Moorfield Primary School (NW3).

Representations were made suggesting a new polling district, created by splitting NW3 along the railway line with no change to the polling station at which electors voted.

#### **Offerton**

Representations were received to redraw polling district boundaries, affecting OF1, OF3, OF4, OF5, and OF6.

Representations have been made to create two new polling districts served by a new polling station centred on the Sainsburys car park.

A negative comment was received stating that electors from parts of OF2 must walk further to reach their polling station than they would to reach neighbouring OF3's polling station.
