### **5. APPLICATION TO VARY THE PREMISES LICENCE AT THE CAROUSEL, 156-158 REDDISH ROAD, SOUTH REDDISH, STOCKPORT, SK5 7HR**

A representative of the Director Place Management submitted a report (copies of which had been circulated) detailing an application from Green King Brewing & Retailing Ltd for a variation of the premises license at The Carousel, 156 - 158 Reddish Road, South Reddish, Stockport, SK5 7HR to extend the licensing plan to increase the external seating area with garden enhancements work and new timber pergola structure.

Representatives of the applicant attended the meeting and answered questions in relation to the application.

Two objectors to the proposal, having previously submitted written representations in relation to the application, attended the meeting to explain their objections and answer

questions in relation to the application. The Sub Committee also considered and were mindful of the further written representation submitted.

There were no representations from responsible authorities to be considered.

The Sub Committee, having heard the interested parties, proceeded to consider the licensing objectives in respect of the application, together with the relevant parts of the Council's Licensing Policy. However, the decision was reached on consideration of all the arguments given in relation to this specific application.

The Sub Committee found the following:

(i) Crime and Disorder

The Sub Committee was satisfied that no relevant representations had been raised in respect of this licensing objective. There was an absence of objective evidence to substantiate the grounds of the objections, and nor had there been any representations made by any of the responsible authorities in relation to this matter.

(ii) Protection of Children

The Sub Committee was satisfied that no relevant representations had been raised in respect of this licensing objective.

(iii) Public Safety

The Sub Committee was satisfied that no relevant representations had been raised in respect of this licensing objective.

(iv) Public Nuisance

The Sub Committee was satisfied that relevant representations had been raised in respect of this licensing objective, specifically, the representations focussed on the potential increase in noise nuisance associated with patrons being seated in the proposed external area.

It was determined that, in order to properly address the prevention of public nuisance licensing objective, it would be necessary to impose a further condition on the licence, which was also suggested by the applicant's representative. The Sub Committee deemed it appropriate and proportionate for the licence to reflect the planning condition that the external area be closed at 23:00, with the exception of the smoking area.

It was then

**RESOLVED** – That approval be given to the variation of the licensing plan subject to the additional condition the Sub Committee considered appropriate for the promotion of the licensing objectives, specifically, for the licence to reflect the planning condition that the external area be closed at 23:00, with the exception of the smoking area.

The meeting closed at 7.19 pm
