11. STOCKPORT COUNTY MATCH DAY PARKING AND EDGELEY RESIDENTS PARKING ZONE

Richard Daniels (District Centre Manager, Stockport Council) read aloud an update on behalf of Rick Simkin (Operations Director at Stockport County):

‘Following yet another very successful 2022/ 23 campaign, which ultimately concluded with an unfortunate penalty defeat in the play-off final at Wembley, the club would like to provide the following updates for the Area Committee meeting on Thursday 22 July 2023.

The club have identified additional potential car parking locations and are having positive discussions with key local partners to explore the utilisation of small-scale parcels of land - all being within proximity to the ground. Whilst there are no confirmed quantities of spaces at this stage, there are positive discussions ongoing which will only help to alleviate the match day parking issues on a match day/ event day. As you are aware, the club have entered into a very beneficial arrangement with NCP for fans to use the 1,000 space MSCP at the station on match days at heavily discounted rates. Take up has been low on

account of the fact that there is no footpath link from the MSCP to the Thomson Street footbridge which is placing an extra 10 minutes on the journey time from the car park to the stadium. We have approached the council to explore if such a footpath link could be installed so any help and support the Area Committee could provide in trying to “make this happen” would be greatly welcomed as, with such a footpath link provided we are confident that hundreds more fans would use this facility thus removing a significant volume of cars from the stadium neighbourhood.

The club has recently submitted a planning application for an extension to the current office space located within The Cheadle End car park which does not impact on any car parking spaces and is sympathetic to the local area. This is due to the growth of full-time members of club staff across both operational and commercial departments and will enhance both the working experience and environment.

The club continue to work on plans for the expansion of Edgeley Park Stadium with a view to go back out for a second round of public consultations in the autumn.

Match day car parking will again be a key focus of the club for the upcoming 2023/ 24 season, and with the continued support from the local enforcement officers, the message has been getting across to the fan base that parking in restricted areas will not be tolerated. The club will continue to issue communications to all fans and for all match days, and we kindly request that the enforcement officers continue to patrol as much as physically possible.'

It was asked that, if this agenda item remained a standing item on the agenda, a representative from the Highways department attend the meeting to answer any questions from the Area Committee.

Age UK Stockport, supported by Sky Cares volunteers, planned to run regular workshops and support sessions over June and July, Monday to Friday, from 10am to 3pm. Digital sessions and information and advice support sessions would run from August, and would be promoted via the council's social media and on the building itself.
- The three planters at the end of Castle Street had been adopted by traders, and were all growing well. Thanks were expressed to Friends of Alexandra Park for their support in getting the planters in place.
- Traders were keen to establish a Crime Partnership meeting. This would be held with police officers to discuss crime statistics and key performance indicators to support Crime Partnership. The next step was to set a date for the first Crime Partnership meeting.
- A successful Spring Worker Bee Market had been held on 13 May 2023, with positive feedback received from traders and stall holders. A meeting was scheduled to be held to progress plans for the (summer) 12 August 2023 market. It was hoped to increase animation, live music and family entertainment at the market.
- The team were looking to update the 'welcome to Edgeley' signage.
- Members requested to meet with the District Centre Manager and relevant officers to review the action plan and put forward ideas to be incorporated into the plan.
