

Family Fun Day in the Park

13th August 2023

Traffic Management Plan

1. Parking cones on Outwood Road adjacent to the site will be placed at midday in order to prevent on-road parking.
2. Stewards with High Viz vests will marshal the Public Hall car park throughout the event and ensure that all pedestrian routes to the Village Hall Field (the site of the event) are kept clear of vehicle movements.
3. An overflow car park will be made available should vehicle numbers dictate. This will be clearly marked and kept clear of all other activities relating to the event.
4. The gate from the car park to the playing field will be marshaled by stewards at all times and a pedestrian footway will be maintained free of all vehicle movements throughout the duration of the event. All pedestrian walkways will be clearly marked with traffic cones and marshaled by a steward throughout the duration of the event.
5. Vehicles involved in the set-up and set-down of the event will not be allowed onto the public areas of the site throughout the duration of the event.
6. All members of the public will have been helped to leave the site once the event has closed and set-down vehicles will only then be allowed onto all areas of the site.
7. The traffic cones on Outwood Road will be removed once the event has finished.
8. Draft indicative site plan.
