Noise Controls

1. Inside Music Noise.

Audio:

- Notion music is of a background nature.
- It is recorded popular music.
- Speakers are fitted to internal walls with suitable insulation.

Levels:

- Audio levels for Bar are limited by the use of a sound restrictor

Doors and Windows:

- All windows are closed from 19:00hrs daily.
- All windows on the upper level have been removed and replaced with wood panels to prevent customers opening them.
- The main door is closed at 22:00hrs during the summer months and always kept closed during the winter months (save access and egress)

Location of Speakers:

- Speakers are located within the premises and securely fixed to solid brick walls.
- The neighbouring premises is a commercial unit and not open during our trading hours.

Base Control:

There is NO base / sub woofer fitted to this music system.

Noise Assessment

- The manager on duty carries out a noise assessment during the course of the evening and any outside noise being recorded in a daily logbook.
- This is repeated on an hourly basis.
- Different locations are selected for noise monitoring.

2. Deliveries

Deliveries for the premises are made between the hours of 08:00 and 20:00 on operational days. We will endeavour to restrict any noise from the delivery personnel.

3. Smoking Areas, External Seating and Eating Areas

- External smoking area is provided to the front of the premises on Vernon Street.
- The designated smoking area is restricted to 4 patrons at a time.
- Security starts at 21:00hrs until late every Friday and Saturday and control the area for excessive noise.

4. Refuse, Recycling and Bottle Collections

- To the best of our ability, we endeavour not to remove refuse from the premises between 21:00 and 09:00.
- Collections are made by contractors between the hours of 07:00-18:00. Unfortunately we have little control over the time they arrive.

5. Staff Training

- All staff undergo induction training, and this induction includes details on the licencing conditions and noise awareness implemented at site level.
- Documented training is carried out to ensure that staff have a adequate understanding of the licencing conditions.

6. Complaints

- All complaints will be investigated by the company director.
- All complaints and corrective actions carried out are documented in a complaints log for due diligence and reported to our third party compliance company.
- Any breach of Noise controls and corrective actions taken are communicated back to the team to help reduce the risk of another incident occurring.
- Phone number and email address is available on the Notion website.
- Regular meetings are held between the premises team, the company director and the compliance provider.
