	<p>The owners have submitted a new planning application with alterations to the front loggia and rear extension/chimney to try and overcome the reasons for the refusal of their previous application and enforcement notice. This application is currently undergoing validation and requires a noise assessment for the chimney. Given the new application and the fact that the Christmas period is upon us and to allow the business to trade during this period the Council has agreed to extend the compliance period to 5th February 2024.</p>
