6. Please describe the main activities of your Organisation/ Group

Re:dish is a growing charity based in Reddish whose aim is to re-distribute good stuff around Reddish. Working together with the community itself, other organisations, and services we hope to; improve the lives of the people living within the wards of Reddish and Heaton Norris, create a sense of community pride, become known as the place to go for support if you have a problem or crisis. We do this through various projects such as our Food bank, Dementia Friendly Café, Youth Group, Community Garden, Charity shop and numerous weekly wellbeing groups that meet in our hub on Houldsworth Square. We also participate, support, and help facilitate numerous events, projects, and groups within the community. The most recent of these is becoming the central hub and first aid/safeguarding point during large scale events such as 'Reddfest' and the Christmas light switch on.

2. About Your Application

9. Please give us a brief description of your proposed/planned project or activity

You may wish to include details of what activities will take place, where will it happen, how often and who will take part. If you are applying for equipment you can tell us what will it be used for and why is it needed.

Over the last 12 months our community hub has become a central point for various public events. Also, because of its location and passing footfall we are often asked to advertise numerous community events, service posters and leaflets in our window display. As a result, we have created an information point in our shop for signposting purposes but have quickly filled the space available. We are reluctant to display this information on our window as this area has a very narrow pavement outside and is adjacent to the pedestrian crossing. As a result, we have found in the past people either aren't able to stop and read information or by doing so create an obstruction not only on the pavement itself but to the pedestrian crossing also. We therefore would like to install a community notice board on our wall at the side of the building where the pavement is much wider. This will still be highly visible and allow residents to stop and view information without causing an obstruction. By being installed on our building Re:dish Volunteers and staff will be able to maintain the board as well as manage the content displayed to ensure it is kept up to date and relevant to the Reddish community.

10. Who will benefit from this grant?
