Summary:

This comprehensive report proposes the 2024/25 Treasury Management Strategy, Annual Investment Strategy, Minimum Revenue Provision Policy and prudent and sustainable Treasury and Prudential Indicators, which are constructed in compliance with the CIPFA Treasury Management Code of Practice.

The Council has delegated the role of ensuring effective scrutiny of its Treasury Management Strategy to the Corporate, Resource Management and Governance Scrutiny Committee (CRMG). As such, the views of CRMG were sought and any opinions or suggestions made have been taken into account when formulating the Council's Treasury Management Strategies for 2024/25.

The first part of the report details the Council's Capital expenditure plans and Strategy which are a key driver to the long-term borrowing aspect of treasury management activity and strategy; these are reflected in a number of prudential and treasury indicators.

The report develops to show how capital expenditure funded by prudential borrowing is subsequently charged against the Council's revenue resources in the Minimum Revenue Provision (MRP) Policy Statement.

Fundamentals of the Council's investment policy, approach to creditworthiness and investment strategies for 2024/25 are included in the Annual Investment Strategy statement.

The report provides an economic commentary and interest rate forecast, detailing likely scenarios for the economy and financial markets in 2024/25 based on current information.

An Equalities Impact Assessment has been carried out on the Treasury Management Strategy; this is included at Appendix Six.

Comments/Views of the Cabinet Member: (c)

Given the Council's aspiration to invest in growth this is a very important document which demonstrates how we will balance the desire to invest with the need to be prudent and ensure that the financing of our Capital Programme is robust and affordable.

CRMG scrutiny members have been engaged in a consultation process on the Treasury Strategy and the profile of Treasury Management is being raised through regular reporting.
