Summary:

The Stockport Council Plan 2024-2027 is our main strategic document for the council. It describes the key role the council plays in supporting the borough, through the provision and delivery of services that are essential to everyday life. The Plan also outlines our four big ambitions for the upcoming years, that will create opportunities for everyone within the borough.

The Council Plan accompanies the budget. It is a public-facing summary document that sits above annual Portfolio Agreements and complements the One Stockport Borough Plan. It is aligned with our medium-term financial plan and incorporates our key transformation activity.

! The Plan explains that we have big ambitions for our Borough and our people, but we want to challenge ourselves to reach further to achieve our ambition of being the very best we can be. We know we are on the right track and our ambitions and priorities remain the right ones. This Council Plan, therefore, builds on our existing ambitions and steps up the pace of change and delivery.

} The Plan is intentionally longer term and places transformation at the heart of our ambitions. Providing efficient and effective services continues to be at the very core of our Plan; and the Plan builds on the four 'Big Ambitions' and two cross cutting themes set out in the Council Plan 2023/4.

Comments/Views of the Cabinet Member: (c)

I'm pleased to present our draft 2024-2027 Council Plan. The Council Plan outlines our priorities to achieve even further success for Stockport and how we will deliver these over the next three years. It is supported by the complementary One Stockport Borough Plan, which shows how we are working with our partners to get where we want to be.
