

STOCKPORT CAN SEED FUND

APPLY FOR UP TO £1,000

The Stockport Climate Action Now (CAN) Seed Fund supports residents, communities and schools to take local actions that tackle climate change and enhance nature and biodiversity

WHAT CAN BE FUNDED?

Reducing energy use

Energy saving devices and providing energy saving advice to communities

Local and seasonal food growing or cooking

Sharing learning around local and seasonal food, plant-based and sustainable diets

Enabling sustainable transport

Encouraging walking, wheeling, or using public transportation whenever possible

Reuse, repair and reducing waste

Swap shops, repair cafes, and other ways of reusing items, consuming less and avoiding waste

Planting for carbon capture and increasing biodiversity

Tree-planting initiatives and planting to increase and protect local wildlife and biodiversity

Awareness raising and education

Carbon Literacy training, working with groups and organisations to engage in climate conversations and raise awareness
