

EDGELEY DISTRICT CENTRE ACTION PLAN UPDATE

Report of the Director of Development and Regeneration

1. PURPOSE OF THE REPORT

- 1.0 To provide an update on delivering Edgeley District Centre Action Plan including recent successes and priorities for the next 6 months.

2. BACKGROUND

- 2.1 The Edgeley Action Plan reflects local priorities and includes quick wins and longer term actions all of which to help towards creating a strong, healthy and sustainable District Centre. The Plan was discussed at the Central Area Committee meeting in March 2023 and the District Centre Manager provided an update on delivery of the Action Plan in June 2023 and in November 2023. This report is to update on delivery since November

3. EDGELEY DISTRICT CENTRE ACTION PLAN

- 3.1 Over the winter and spring months various activities and events have been held and good progress made on delivering a number projects within the Action Plan. Below is a summary from the last 6 months:
- ✓ Edgeley Crime Reduction Partnership is meeting every 2 months and building on trader participation to strengthen partnership working. Targeted police work is helping to tackle crime and to enhance the partnership approach introducing a Store Net Radio system is being explored.
 - ✓ Spring Worker Bee was cancelled due to strong winds. Next Worker Bee market is scheduled for 3rd August with a dog show, craft making and live music. Christmas Market will take place on the 30th November.
 - ✓ Volunteers who supported Edgeley Xmas Light Switch On were shortlisted in the Stockport Rocks 'Volunteering as a Team' category.
 - ✓ New outdoor seating area with planters has been created in an on-street parking bay on Castle Street.
 - ✓ 'This is Edgeley' Day took place on the 6th July and celebrated independent traders and brought community groups together with live music and craft making activities.
 - ✓ Planters created by Heatons Men in Sheds have been installed on Castle Street.
 - ✓ Further shutter artwork has been installed in partnership with Post Newspapers.

- 3.2 In addition to delivering the specific actions the District Centre Manager continues to regularly engage with small businesses and retailers in Edgeley. They regularly promote business support workshops and remind businesses about the wealth of business advice they can access from partner organisations such as the Business Growth Hub and Enterprising You. They have also supported businesses and organisations in accessing funding including UKSPF and connecting them to Council colleagues who provide advice on specialist areas including road closures, Temporary Event Notices.

4. FOOTFALL

- 4.1 The new footfall counting system was installed in April 2023 so we are now able to compare year on year figures to identify trends. In Edgeley for the 2 month period May to June footfall increased by 5% compared to the same period last year.

5. BUDGET ALLOCATION

- 5.1 In 2022/23 each District Centre was allocated £5,000 to assist with delivering projects within their specific Action Plans. Local stakeholders in Edgeley were involved in identifying priority projects for the £5,000. In October 2023 £40,000 was allocated via the Communities and Place strand of the UK Shared Prosperity Fund (UKSPF), to be split equally between the eight District Centres.
- 5.2 To assist with continuing the successful work that has taken place over the last 18 months a further £40,000 has been allocated from the 2024/25 Communities and Place strand of the UK Shared Prosperity Fund (UKSPF), again to be split equally between the eight District Centres. To comply with the requirements of UKSPF the £5,000 per District Centre must be spent by the end of March 2025.
- 5.3 As with all District Centre allocated funding, local stakeholders in Edgeley via the Edgeley Vision Team will be actively involved in prioritising projects for funding from the second UKSPF allocation (£5,000). A meeting of Edgeley Vision Team is being organised which along with considering priority areas for funding, will also help shape a new updated version of the Edgeley District Action Plan which will build on recent successes – a verbal update will be provided at the Committee meeting. This collective approach to allocating funding and developing the Action Plan has helped ensure a partnership approach to delivery and has resulted in buy in from a range of local stakeholders.

6. SUPPORT FOR LARGE LOCAL CENTRES

- 6.1 As mention previously to assist those businesses and organisations based in the large local Centres an online portal is being developed which will have a wealth of useful information to help businesses with

accessing business support, running and delivering events including what permissions are required, how to set up steering groups or traders' associations, and details of funding sources.

- 6.2 To ensure the portal is a meaningful resource further work is needed and it is hoped to launch the portal in the Autumn 2024. In the meantime advice and support is being provided where possible to those in Large Local Centres.

7. CONCLUSIONS AND RECOMMENDATIONS

- 7.1 Richard Daniels, the District Centre Manager for Edgeley continues to develop strong positive relationships with colleagues in the Council, local businesses and community organisations in Edgeley. This strong partnership approach has helped to generate ideas for new projects and activities, along with identifying priority actions.

- 7.2 The Committee is requested to:

- a) Note the progress made in delivering projects and events.
- b) Provide feedback on initial ideas for priority projects to allocate the £5,000 UKSPF which will be discussed with Edgeley Vision Group.
