

Stockport's Neighbourhood and Prevention Programme – Update on the Thriving Places Pillar

Report To (Meeting):	ONE Stockport Health and Care Board		
Report From (Executive Lead)	Emma Stubbs, Assistant Director of Neighbourhoods, Stockport MBC		
Report From (Author):	Emma Stubbs, Assistant Director of Neighbourhoods, Stockport MBC		
Date:	25 September 2024	Agenda Item No:	09
Previously Considered by:	Not applicable		

Purpose of the report:

This report provides an update on ONE Stockport Local – Neighbourhoods and Prevention programme, specifically activity and achievements from the Thriving Places pillar. These are outlined in section 3 of this report.

This pillar is the "universal" neighbourhoods and prevention offer, aiming to reduce health and wellbeing inequalities through better quality places to live at a neighbourhood level, underpinning successful outcomes in other pillars of the One Stockport Local approach.

Key points (Executive Summary):

The focus of the Thriving Places pillar is to address inequalities across and within neighbourhoods to ensure everyone has access to places which are safe, clean, accessible and connected with vibrant town and district centres.

The pillar is focussed on the achieving the following key outcomes:

- **Animated Spaces** - town and district centres animated by markets, events and activity, supporting thriving retail and business districts and public spaces.
- **Environmentally Sustainable Places** - parks and greenspaces which enable mental and physical wellbeing and support climate ambitions.
- **Buildings supporting communities** - using our estate/ physical assets to improve access to services.
- **Inclusive and Accessible Places** - making sure our places can be accessed equally by all residents.
- **Connected Places** - a travel infrastructure that facilitates active and sustainable travel for all communities.
- **Safe and Cohesive Places** - designing and maintaining places where all people can be (and feel) safe at all times.

Workstreams being delivered by this pillar towards achieving these outcome are:

- Leisure and Libraries

- Place Management and Workforce Alignment
- Shared drop-down spaces
- Diagnostic tool/ shared framework for learning

Significant progress has been made in particular in the service redesign bringing together the existing Public Protection and Neighbourhoods Services, building on what we currently offer to better meet the needs of our communities in a "Thriving Neighbourhoods Service".

Next steps for this pillar include:

- Further developing Thriving Places transformation programmes to ensure we move closer to our overarching aims.
- Identifying Thriving Places Neighbourhood Priorities using the diagnostic tool to reduce inequalities across neighbourhoods.

Recommendation:

The Board are asked to:

- **Note** the achievements and progress outlined in the report and comment on the future priorities outlined in the report

Decision		Discuss/Direction	X	Information/Assurance	X
