

ALLOCATION OF PLACES ON COMMITTEES IN ACCORDANCE WITH THE PROPORTIONALITY RULES

Report of the Assistant Director for Legal & Democratic Governance

1. SUMMARY

- 1.1 Sections 15, 16 and 17 of the Local Government and Housing Act 1989, sets out the duties of the Council Meeting in relation to the allocation of seats to Political Groups on Committees and Sub Committees to ensure political balance.
- 1.2 The cumulative effect of these duties is to require “proportionality” across the formal activities of the Council, representing the overall political composition of the Council, so that there can, for example, be no one party Committees so far as they are constituted as formal Committees or Sub Committees of the Council.
- 1.3 Section 15 provides that the Council is bound to review the representation of different Political Groups on Committees and Sub Committees when:-
 - (a) the Authority holds its Annual Meeting; and
 - (b) as soon as practicable after the Members of the Council divide into different Political Groups.
- 1.4 The Council is also under a duty to review the allocation of seats to political groups following any change in the overall balance of the Council.
- 1.5 On 29 August 2024, the Proper Officer received a notice submitted under Regulation 9(b) that Councillor Aron Thornley wished to be treated as a member of the Labour Group. This was accompanied by a further notice pursuant to Regulation 17(c)(i) requesting that the Council undertake a review of the allocation of seats to political groups.
- 1.6 Since the receipt of the Regulation 17(c)(i) notice, the Proper Officer has received the resignations of Councillors Tom Morrison and Lisa Smart. The review that has been undertaken must reflect the proportionality of the Council at the point it was conducted, and accordingly takes into account the above resignations.

2. BACKGROUND

- 2.1 The duty to make a determination as to political representation arises as soon as practicable after a review. The Council has a statutory duty only to make allocations of seats on ordinary Committees and their sub committees according to the overriding principles that:-
 - (a) all the seats on a Committee are not allocated to the same Political Group;
 - (b) the majority of the seats on a Committee go to the Political Group which has a majority on the Council;

- (c) subject to the above two principles, the proportion of the total of all seats on ordinary committees allocated to each political group is the same proportion as that of the political group in relation to the full Council; and
- (d) subject to (a) - (c) above, the proportion of the total of all seats on other bodies allocated to each political group is the same proportion as that of the political group in relation to the full Council.

2.2 Section 16 provides that once the Council has carried out its review and determined the allocation of seats further to the principles by which it is bound listed above, the Council has a duty to exercise its powers to make appointments to Committees as to give effect to such wishes about who is to be appointed to the seats on that Committee which are allocated to a particular Political Group as are expressed by that Political Group.

2.3 Section 17 allows the Council to exclude committees from the requirement of political balance provided that the whole Council agrees and provided that the Council complies with the obligation to provide notice of the proposal in the same manner as it publicises a Council summons. The Council Meeting has previously agreed to exclude the following from the Proportionality Calculation:

- Stockport Homes Member Committee
- Standards Committee
- Health & Wellbeing Board
- Appointments Committee

2.4 No changes are proposed to the above arrangements as part of this review.

3. PROPOSED CHANGES

3.1 Based on the revised Political Composition (Liberal Democrats 29, Labour 23, Edgeley Community Association 3, Green Party 3, Independent Ratepayers 3, Vacancies 2) the seat entitlement is now as follows:-

Group	Seats presently held	Seats to be allocated under proportionality rules (percentage)	Seats to be allocated under strict proportionality (rounded)	Change
Liberal Democrat	41	38.98	39	- 2
Labour	29	30.92	31	+2
Independent Ratepayers	4	4.03	2	-
Green	4	4.03	2	-
Edgeley Community Association	4	4.03	2	-

3.2 The revised calculation, when applied to individual committees so as to ensure that each committee should insofar as possible meet the balance requirements, now results in a loss of one seat on ordinary committees (Planning & Highways Regulation Committee) for the Liberal Democrat Group, and the reallocation of this seat to the Labour Group; and a loss of one seat on scrutiny committees

(Economy, Regeneration & Climate Change Scrutiny Committee) for the Liberal Democrat Group and the reallocation of this seat to the Labour Group.

(3) That Councillor Aron Thronley be appointed to replace Councillor Ian Powney on the Economy, Regeneration & Climate Change Scrutiny Committee.

(4) That Councillor Aron Thronley be appointed to replace Councillor Ian Hunter on the Planning & Highways Regulation Committee.
