## 2. About Your Application

---

### **9. Please give us a brief description of your proposed/planned project or activity**

*You may wish to include details of what activities will take place, where will it happen, how often and who will take part. If you are applying for equipment you can tell us what will it be used for and why is it needed.*

*As there are no electricity services in South Park, we have designed and installed a Solar Power System. This green system is used to provide all our electrical power, to charge our electric locomotives, provide lighting and power small tools. The batteries we originally installed need replacing and it is for these replacements to keep the railway operating we are applying for funding. The replacement modern technology batteries have a guaranteed life of 10 years.*

---

### **10. Who will benefit from this grant?**

*e.g. local residents, young people, older people and how?*

*We regularly give rides to all ages, from babes in arms through to great grandparents, so all ages, during our normal Sunday running. Our railway provides education to children and a social interaction for adults. We also regularly have visits from children with special educational needs, including days of access for pupils of a local Community Special School, Valley School in Bramhall. We have hosted a Rainbow Unit and several birthday parties.*

#### **10(a) How Many Stockport residents will benefit?**

*All who can find South Park on Sundays between 11am and 3pm. We operate the railway the year round, weather permitting. We regularly give more than a hundred rides on a sunny Sunday. So, in the course of a year, we may benefit as many as 5000 residents.*

#### **10(b) Are there any restrictions on who will benefit from the funding?**

*There are no limitations to passengers who can sit astride our coaches.*

---

*Please provide a breakdown of cost for your project including VAT where applicable and submit any estimates for the purchase of equipment or work to be done.*

#### **11(a) How much will the project/activity cost in total?**

*The project is estimated to cost £1,500. The list prices for the major items, two Fogstar Drifty batteries, to be purchased for this project, are included with this submission.*

**11(b) Tell us about other any other sources of income you have already applied for or raised so far in relation to this project**

*We have not applied for any other funding and are starting to build a reserve to cover this project*

---

**12. How much are you applying for from the Ward Flexibility Budget?**

*£1,500*

**12(a) If the amount you are applying for covers only part of the project/activity, then please tell us how do you intend to fund any shortfall?**

*We have a modest income from members subscriptions and donations from the public and this will be used to cover any shortfall.*

---

**13. What is the planned timescale for spending this grant?**

Start	<i>January 2025.</i>
Finish	<i>These batteries will be installed within 3 months and give service until 2035;</i>
